

Oshawa Environmental Advisory Committee, Tree Giveaway Working Group**Tree Giveaway Report**Members

- A.J. Groen
- Robert Mullins
- Lee Buchanan

Recommendation

- That \$5,500 of the 2023 OEAC budget be allocated to the Tree Giveaway

Goals

This year we are considering turning the tree giveaway into a larger event with vendors and entertainment/games for kids. This is tentative and in the early stages of planning and we recognize the limits of our abilities to organize such an event. In any case, at a minimum we plan to host the tree giveaway as it has been done in years past and with the following goals;

- Give trees to Oshawa residents for free
- Increase environmental stewardship and awareness by promoting planting of native tree species on private property
- Fight climate change by increasing carbon sequestration
- Reduce urban heat islands by increasing tree canopy

Overview

- Date: September 9, 16 or 23, 2023
 - o Setup 9:00 – 10:00
 - o Giveaway: 10:00 – 14:00 (tentative)
