Why Heritage and History

Robinson House, Designated 1989

Cultural Heritage Resources enhance the quality of life for Oshawa citizens by providing a connection to the community's past and creating a sense of place. These historic buildings and landscapes add an economic benefit to the city while contributing to making Oshawa a beautiful place to live.

Key Activities

- Advise and assist Council on all matters relating to cultural heritage including, but not limited to, buildings and structures, landscapes, and archaeological sites;
- Establish criteria for the evaluation of properties of cultural heritage value or interest;
- Prepare and maintain an inventory of cultural heritage resources which are considered by Heritage Oshawa to be of cultural heritage value or interest;
- Review development applications associated with cultural heritage resources and provide recommendations to staff and/or Council, as appropriate;
- Provide recommendations to Council on properties, landscapes, and districts considered by Heritage Oshawa to be worthy of heritage designation; and,
- Promote public awareness, stewardship in heritage conservation, and knowledge of cultural heritage resources through programs and activities.

Heritage Designation

Designation is a process described in the Ontario Heritage Act that helps recognize and protect architecturally, historically, and contextually significant properties. A designation under the Ontario Heritage Act helps safeguard heritage properties from unsympathetic alterations and demolition.

Owners of designated properties may be eligible for a 40% municipal/education tax reduction.

For more information on the Heritage Tax Reduction Program see Oshawa's "Guide to Designated Properties" online at:
