**Alexander Harras
M.P.A.
Director of
Legislative Services
& Regional Clerk**

Council of the Region of Durham, at its meeting held on March 27, 2024, adopted the following recommendations of the Works Committee:

- “A) That, effective January 1, 2026, the Regional Municipality of Durham cease to provide Blue Box recycling services to the small businesses currently receiving municipal waste collection services as listed in Attachments #1 and #2 of Report #2024-WR-2 of the Acting Commissioner of Works;
- B) That staff be directed to develop and implement a communication plan to advise these small businesses that, effective January 1, 2026, they will no longer receive municipal Blue Box recycling services;
- C) That staff be authorized to send a letter to the Premier of Ontario and the Minister of the Environment, Conservation and Parks strongly endorsing the creation of a Blue Box recycling regulation for Ontario’s Industrial, Commercial and Institutional sector as it has done for Ontario’s residential sector; and
- D) That a copy of Report #2024-WR-2 be shared with the Regional Local Area Municipalities, the Premier of Ontario and the Minister of the Environment, Conservation and Parks.”

Please find enclosed a copy of Report #2024-WR-2 for your information.

Alexander Harras

Alexander Harras,
Director of Legislative Services & Regional Clerk

The Regional Municipality of Durham Report

To: Works Committee
From: Acting Commissioner of Works
Report: #2024-WR-2
Date: March 6, 2024

Subject:

Update on Small Business Recycling Post Blue Box Transition

Recommendation:

That the Works Committee recommends to Regional Council:

- A) That, effective January 1, 2026, the Regional Municipality of Durham cease to provide Blue Box recycling services to the small businesses currently receiving municipal waste collection services as listed in Attachments #1 and #2;
 - B) That staff be directed to develop and implement a communication plan to advise these small businesses that, effective January 1, 2026, they will no longer receive municipal Blue Box recycling services;
 - C) That staff be authorized to send a letter to the Premier of Ontario and the Minister of the Environment, Conservation and Parks strongly endorsing the creation of a Blue Box recycling regulation for Ontario's Industrial, Commercial and Institutional sector as it has done for Ontario's residential sector; and
 - D) That a copy of this report be shared with the Regional Local Area Municipalities, the Premier of Ontario and the Minister of the Environment, Conservation and Parks.
-

Report:

1. Purpose

- 1.1 The purpose of this report is to recommend that, effective January 1, 2026, the Regional Municipality of Durham (Region) cease to provide Blue Box recycling

services to the small businesses currently receiving municipal waste collection services.

2. Background

- 2.1 In June 2021, the Province of Ontario released Regulation 391/21 Blue Box (Regulation 391/21) under the *Resource Recovery and Circular Economy Act, 2016*, which shifts the financial and operational responsibility of recycling from municipalities to the organizations that produce packaging, paper and packaging-like products. The Regulation takes full effect on January 1, 2026, province wide.
- 2.2 On July 1, 2024, the Region will transition its curbside Blue Box collection program to producers as part of a province wide transition. The producers will assume full responsibility for the program under a new Extended Producer Responsibility (EPR) regime. The province-wide transition will be complete on December 31, 2025.
- 2.3 In the Region, the new Blue Box program will be operated on behalf of the producers by a Producer Responsibility Organization (PRO) called Circular Materials (CM). CM confirms that the new Blue Box program will not include recycling services to businesses after December 31, 2025, as per the definition of Eligible Sources under Regulation 391/21.
- 2.4 Blue Box Regulation 391/21 defines eligible sources as residences and facilities only. Facilities are described in the regulation as residential-type buildings such as long-term care and not-for-profit retirement homes, multi-residential buildings and schools. The regulation does not include commercial or industrial establishments, including small businesses.
- 2.5 The Region currently provides Non-Hazardous Waste, Recyclables and Organics collection services to approximately 2,800 small businesses in Designated Business Areas (DBAs) listed in Attachment #1 under the following Standing Agreements:
 - a. C003008 for the Townships of Brock, Uxbridge, Scugog, and the Municipality of Clarington
 - b. C003326 for the City of Pickering and the Town of Ajax
 - c. C002667 for recyclables collection only in the Town of Whitby and the City of Oshawa

-
- 2.6 The Region also services approximately 200 additional small businesses, listed in Attachment #2, that are not formally included in the contracts noted in item 2.5. These businesses are not located in DBAs and do not meet the jurisdictional requirements for municipal waste collection services. However, they were included when the Region assumed waste collection services from the local area municipalities in the early 2000s. These properties included gas stations, churches, strip malls, flea markets, auto body shops, garages, nurseries, golf courses, doctor and dentist offices, pharmacies, hair salons and veterinary clinics and are legacy services that resulted from negotiations during the collection uploads.
- 2.7 Regional staff have successfully negotiated with CM to continue providing recycling collection services to these small businesses during the Blue Box transition period between June 30, 2024, and December 31, 2025, as an ancillary part of CM's Durham contracts on a cost-recovery basis. However, CM will not service these or any non-residential properties effective January 1, 2026, as they are not included as eligible sources under Regulation 391/21, which governs the new Blue Box program.
- 2.8 Given CM's position, the Region will need a dedicated contract to continue providing Blue Box recycling services to these small businesses starting January 1, 2026. This contract would consist of a selected vendor procuring additional vehicles to run dedicated routes in select areas where collection is required. (Note that under the current arrangement and during the transition, these businesses are serviced utilizing the same fleet and routes as the curbside residential).
- 2.9 Staff have conducted a market scan to assess the feasibility of a dedicated contract for the collection and processing of Blue Box recyclables from these businesses starting January 1, 2026, including ongoing dialogue with other

Ontario municipalities. The market scan returned estimated costs over ten times higher than the costs to provide the small business blue box recycling service during the Blue Box transition period.

3. Previous Reports and Decisions

- 3.1 Through Report #2022-WR-2, Blue Box Transition Impacts on Waste Management Collection Operations and Small Business Recycling Options, Regional Council directed staff to amend existing Standing Agreements regarding the Recycling collection services provided to small businesses for one year commencing July 1, 2023, and ending on June 30, 2024, and to negotiate with Producer Responsibility Organizations of the new Blue Box program and report back on the financial implications to include the collection of recyclables from the small businesses in the PROs' collection programs, on a cost recovery basis, as well as alternative options and recommendations for Regional Council to consider if negotiations with PROs failed.
- 3.2 Through Report #2020-COW-15, Council Resolution - Blue Box Transition Date, Regional Council endorsed a resolution on the transition to full EPR and to forward same to the Minister of the Environment, Conservation and Parks, and the Association of Municipalities of Ontario (AMO).
- 3.3 Regional Council has authorized contract alignments and staff participation in the Blue Box consultation and transition process in the following reports:
- a. Report #2020-COW-2, Solid Waste Management: 2020 Strategic Issues and Financial Forecast; and,
 - b. Report #2019-COW-3, Solid Waste Management Servicing and Financing Study.

4. Impact of Extended Producer Responsibility on Durham's Small Businesses

- 4.1 Regulation 391/21 makes businesses ineligible to receive Blue Box recycling collection services under the new Blue Box Program, effective January 1, 2026.
- 4.2 The Region's long-held provision of Blue Box recycling services to the small businesses listed in Attachments #1 and #2 has made these businesses rely on the Region's continued support. Staff recognize that removing this service may result in hardship for these businesses, who will have to recycle at their own cost. Most of these small businesses may stop recycling, which will have a negative impact on the Region's waste diversion goals. The businesses referenced in 4.5

below have always borne the costs of recycling and have not had the benefits noted here.

- 4.3 Staff is prepared to develop and implement a communication plan to advise these small businesses that they will no longer receive municipal Blue Box recycling services starting January 1, 2026.
- 4.4 Staff will continue to advocate for small businesses to be included in updated or future regulations after the Region transitions out of the Blue Box program.
- 4.5 Businesses outside of those listed in Attachments 1 and 2 do not currently receive waste collection services from the Region and will be unaffected by the change.
- 4.6 No change to existing waste or organics collection for businesses listed within Attachments 1 and 2 is being proposed as part of this report.

5. Financial Implications

- 5.1 Table 1 presents the number of locations by local area municipality currently serviced by the Region, and the projected costs of providing recycling collection services to the Region's small businesses during the Blue Box transition period and post blue box transition.

Table 1: A Comparison of Blue Box Recycling Collection from Small Businesses During and Post Blue Box Transition Period

Contract	Location	DBA Stops	Non-DBA Stops
C003008	Brock	153	45
	Uxbridge	101	
	Scugog	375	
	Clarington	650	
C003326	Ajax	75	101
	Pickering	0	
C002667	Oshawa	160	45
	Whitby	1,247	
TOTAL STOPS		2,761	191
Estimated Annual Cost Jul 1, 2024 – Dec 31, 2025		\$22,000 + \$3,000 (material processing)	
Estimated Annual Cost after Jan 1, 2025		\$225,000 + \$3,000 (material processing)	

5.2 The estimated cost to provide a dedicated municipal Blue Box recycling collection to the small businesses identified in this report post Blue Box transition is estimated at \$225,000 annually compared to the estimated \$22,000 for providing the same service as ancillary work in Circular Materials' Durham contracts during the transition period.

5.3 It is anticipated that any attempts to implement a dedicated recycling program for these small businesses on a full or partial cost recovery basis will result in a decrease in the number of businesses participating, which will further increase the costs allocated to the remaining businesses.

6. Relationship to Strategic Plan

6.1 This report aligns with/addresses the following strategic goals and priorities in the Durham Region Strategic Plan:

- a. Goal 5.1 Optimize resources and partnerships to deliver exceptional quality services and value.

7. Conclusion

7.1 Upon careful consideration of the available options, of the Regional Municipality of Durham's ongoing financial constraints, and recognizing that providing waste collection services to businesses is not core to the Regional Municipality of Durham's waste management jurisdiction under Provincial legislation, Regional staff recommend that effective January 1, 2026, the Regional Municipality of Durham cease to provide Blue Box recycling services to the small businesses currently receiving municipal waste collection services.

7.2 Regional staff will continue advocating for the Province of Ontario to develop regulations and programs that will return Blue Box recycling programs to small businesses as they have done for the residential sector.

7.3 For additional information, contact: Andrew Evans, Director, Waste Management Services, at 905-668-7711, extension 4102.
