

# PROJECT TIMELINE & STATUS

# SUBJECT PROPERTY

- Site area: 1.21 hectares
- Frontage (approx.): 112m on Gordon Street & 93m on Wolfe Street
- Location: Intersection of Simcoe Street and Wolfe Street

Air Photo - Prepared by Weston Consulting

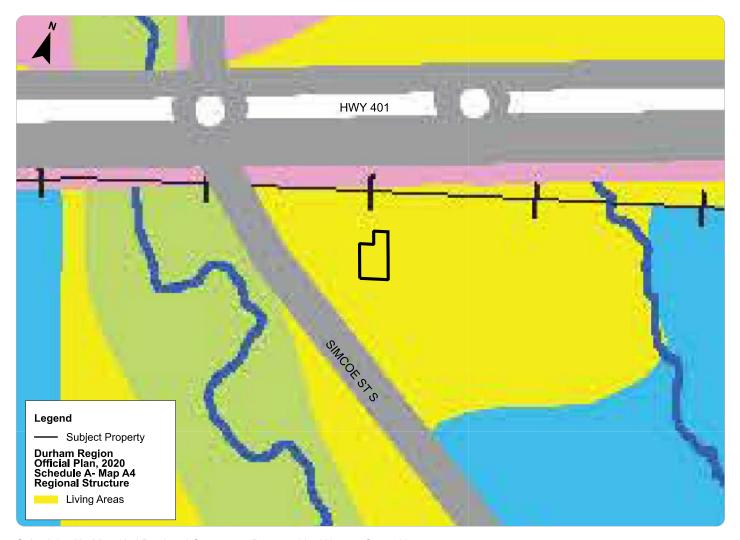

# AREA CONTEXT

Context Map - Prepared by Weston Consulting

# POLICY FRAMEWORK - REGION OF DURHAM

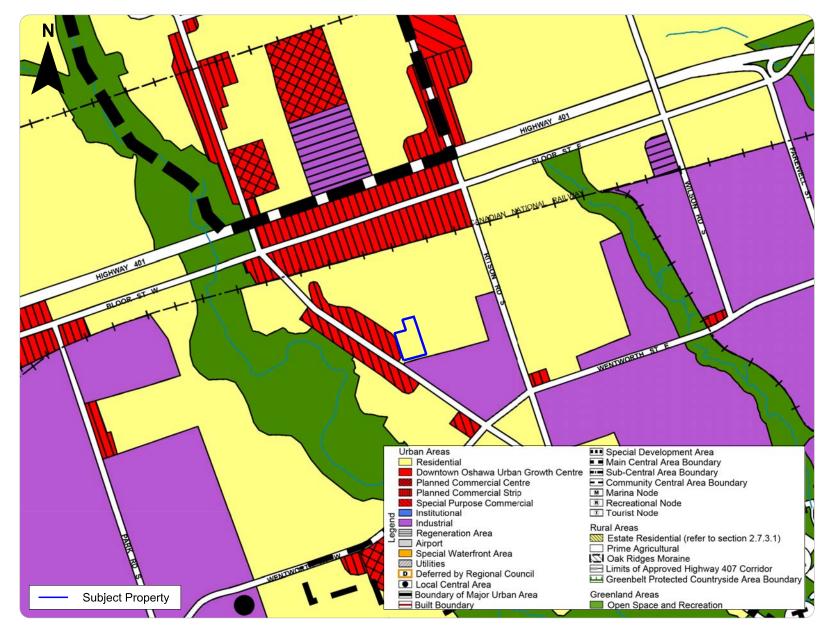

HWY 401 Legend Subject Property Durham Region Official Plan, May 2023 Map 1 - Regional Structure Urban & Rural Systems Community Areas

Schedule 'A' - Map 'A4' Regional Structure - Prepared by Weston Consulting

Map 1 - Regional Structure - Urban & Rural System - Prepared by Weston Consulting

# POLICY CONTEXT: CITY OF OSHAWA

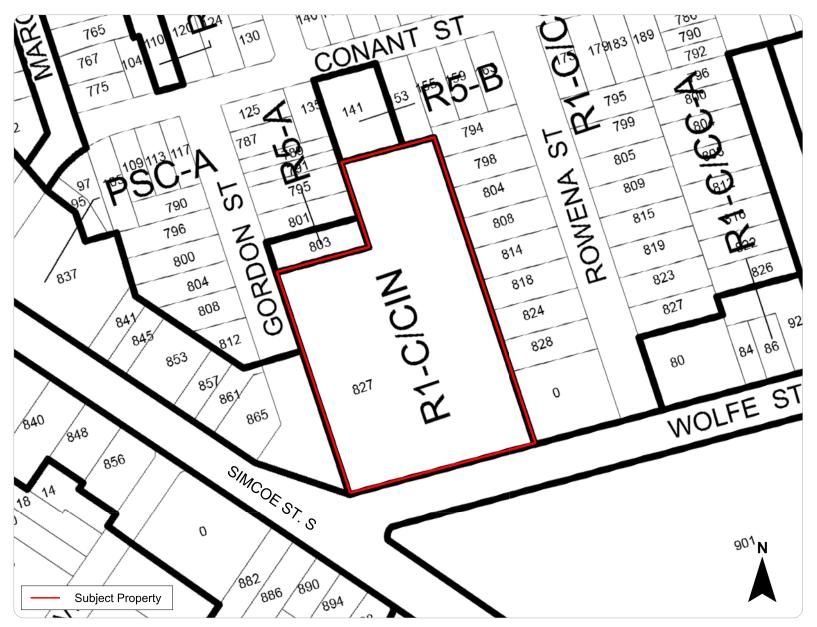

Schedule A - Official Plan Designation - Prepared by Weston Consulting

- Residential designation, according to Schedule A of City of Oshawa Official Plan
- City of Oshawa Official Plan encourages residential intensification within the Major Urban Areas, including along Arterial Roads (2.1.5.1).
- Section 6.4 provides policy direction related to Residential Intensification and outlines criteria for intensification, including:
  - Ensuring compatibility with the character of the surrounding neighbourhood, minimizing overshadowing and respecting existing scale, massing and height.

## POLICY CONTEXT: ZONING BY-LAW 60-94

Zoning By-law 60-49 Schedule A - Map B1 - Prepared by Weston Consulting

- Current zone: Residential 1C + Community Institutional Zone (R1-C/CIN)
- Amending to CIN (XX) and Residential Five B (XX)
- To permit stacked and block townhouses with site-specific provisions
- Site specific provisions for townhouses include: reduced front yard setback, reduced interior side yard setback, reduced landscaped open space, establish a maximum building height
- Diversify permitted uses for heritage building
- Site-specific provisions for existing building include: reduced rear yard setback, reduced landscaped open space, and increase in maximum lot coverage.

## PROPOSED DEVELOPMENT - SITE PLAN

### Site Plan Diagram - Prepared by Weston Consulting (Site Plan - Prepared by Icon Architects)

## **Proposal Statistics:**

- Total Site Area: 12,050.5 square metres.
- Total Gross Floor Area: 8,521.3 square metres
- FSI (Density): 0.71
- Units: 67 units (63 stacked units + 4 townhouse units)
- **Height:** 2 and 3 Storeys
- Parking: 120 spaces plus 25 for existing building

# PROPOSED DEVELOPMENT - STREET & STACKED TOWNHOUSE UNITS

Block Townhouses Elevations - Prepared by Icon Architects

Block 1 Elevations - Prepared by Icon Architects

# PROPOSED DEVELOPMENT: LANDSCAPING

- 18 trees to remain on lands
- Approx. 57 deciduous trees proposed as part of Landscape Plan

Landscape Concept Plan - Prepared by Adesso Design Inc.

## SUPPORTING STUDIES

- Planning Justification Report
- Functional Servicing and Stormwater Management Report
- Geotechnical Study
- Transportation Impact Study
- Noise Study
- D6 Land Use Compatibility Assessment
- Heritage Impact Assessment
- Phase 1 Environmental Site Assessment

# COMMENTS FROM COMMUNITY CONSULTATION MEETING

### 1. Concerns regarding overall Building Heights

• Response: The overall height of Block 4 has been reduced. The height has been revised from three storeys to two storeys.

## 2. Concerns regarding overall number of units

• **Response:** The overall unit count for the proposed development has been reduced from 75 units to 67 units.

## 3. Concerns regarding Traffic Congestion

 Response: All intersections adjacent to the Subject Lands are expected to operate at acceptable levels of service.

## 4. Concerns regarding Unit Prices

• Response: The proposed townhouses will be sold at market price.

## 5. Privacy Concerns

 Response: The height of Block 4 has been reduced from three storeys to two storeys, The privacy fencing surrounding the proposed development will be increased from 1.5m to 1.8m to ensure additional privacy for residents.

### 6. Tree Removal

• Response: 18 trees are intended for removal, whereas approximately 57 new deciduous trees will be planted as part of the proposed development.

## 7. Concerns regarding the total proposed amenity area

• **Response:** The proposed development incorporates 150 m<sup>2</sup> of private amenity space as part of the overall development.

## 8. Concerns regarding the impacts on the existing **Heritage Building**

• Response: The proposed heritage building will be preserved as part of the development scheme.

## Thank You Comments & Questions?

Hi Felicia,

Can you please update the presentation with the one attached? The applicant advised they found an error and corrected it.

Thank you,

Erika

HI Erika, sincerest apologies – I found an error in the presentation, specifically on the zoning slide regarding the proposed zoning. Is there an opportunity to replace the previous presentation sent with the attached?

Also, are you able to advise if you have received any department / agency comments on the application and if so, are you able to circulate those?

Thanks!

Hi David,

Apologies for the delay in my response. Thanks for bringing this item to our attention. I agree that we do not need to pursue any reduction in the required parking, apologies for this mix-up.

We can proceed with removing this as a requested special provision with the zoning application.

We will prepare a presentation for the meeting and we will be sure the sign is posted as soon as possible (once the details are provided). To confirm the city's process, your report is a background report and not a recommendation report, correct?

Thank you.

Subject: RE: 827 Gordon Street (File 12-2-0127)

James, Kayly,

I'm not sure if Erika mentioned, but we'll be targeting a public meeting to be held November 4, 2024 with the Economic and Development Services Committee at 6:30pm (or shortly thereafter any other applications on that agenda).

You'll be expected to give a presentation at that meeting and answer any questions from the committee.

Notice of the public meeting will be sent out October 10. We'll send you info next week about the signs that need to be posted by October 15.

We're working on the staff report and have a quick question.

For condominium block townhouse the City's zoning requires 1.65 spaces per unit plus 0.35/unit for visitors (2/unit). Your requested zoning asks for 2 per unit plus 0.3 per unit for visitors (2.3/unit). However, the site plan stats indicate you're providing 2 per unit plus 0.35 per unit for visitors (2.35/unit). (a) why are you proposing a reduction in the visitor parking for block townhouses if you're providing sufficient parking to comply with the zoning by-law (you're actually providing 2 when 1 is required for 4 block towns)?, and (b) What is the reason for the discrepancy between your draft zoning request and the site plan? What is it you're asking for? And what do we include in our public meeting notice and staff report to advise Committee and the public?

The City's zoning requires 1.75 spaces per unit for condo stacked townhouses (1.45 + 0.3 for visitors). Your draft zoning requests a parking rate for the stacked townhouses of 1.4 spaces per unit plus 0.3 per unit for visitors (1.7/unit). For the stacked towns this would produce a requirement for 107 spaces  $(1.7 \times 63)$ . However, the site plan stats indicate you're providing 1.44/unit plus 0.3/unit for visitors (1.74/unit) or 110 spaces. What is the reason for the discrepancy? What is it you're asking for? And what do we include in our public meeting notice and staff report to advise Committee and the public?

Your draft by-law would suggest you're only providing 117 parking spaces whereas the site plan shows 120. What is the discrepancy? Given the site plan shows you are exceeding the parking requirement for stacked towns and block townhouses, and given that both 1.74/unit and 1.75/unit both equal 110 spaces for the stacked towns, and given that you're exceeding the block townhouse requirement, I would recommend that you not pursue any parking reduction for the stacked townhouses.

	ZBL	Requested zoning	Site Plan
Block towns	1.65/unit (7)	2.0/unit (8)	2.0/unit (8)
Block towns visitor	0.35/unit (1.4 = 1)	0.3/unit (1.2 = 1)	0.5/unit (2) $(4 \div 2 = 0.5)$
Stacked towns	1.45/unit (91)	1.4/unit (88)	1.44/unit (91) (same as 1.45/unit = 91)
Stacked towns visitor	0.3/unit (19)	0.3/unit (19)	0.3/unit (19)

I'd appreciate your commentary as soon as possible, thanks.

- 10.3.XX (4) Notwithstanding Article 39.3.1 and Table 39.3B, a minimum number of parking spaces of 1.4 spaces per dwelling unit plus 0.3 per dwelling unit for visitors for apartment building (stacked townhouses shall be provided.
- 10.3.XX (5) Notwithstanding Article 39.3.1 and Table 39.3B, a minimum number of parking spaces of 2.00 per dwelling unit and 0.3 per dwelling unit for visitors for block townhouses shall be provided.

### PROVIDED PARKING FOR STACKED TOWNHOUSES & TOWNHOUSES

	UNITS	RATIO	PARKING PROVIDED
STACKED TOWN HOUSES	63	1.44	91
VISITOR	63	0.30	19
Townhouses	4	2.00	8
Townhouses Visitors	4	0.35	2
TOTAL			120

Good afternoon Erika,

We will provide the Regional fee as soon as possible. From my understanding, the Regional fee was never confirmed, but we will provide it to you as soon as possible.

Regarding the fee payment, can you deem the payment acceptable if we e-transfer directly to the Region? Or do you need the physical cheque?

Kindly confirm.

Thank you,

JAMES TODD

Subject: RE: 827 Gordon Street (File 12-2-0127) - PAC Submission, Bill 185 Implications

Good afternoon Erika,

Please find in this link the submission materials for 827 Gordon Street. Contained in this link are the following submission materials:

- 1. ZBA Application form
- 2. Draft Zoning By-law Amendment
- 3. Planning Justification Report (Public Consultation Strategy included and responses to public comments included)
- 4. Site Plan Package (Site Plan, Elevations, Floor Plans included)
- 5. Landscape Plans and Details (includes Tree Protection Plan)
- 6. Surveyor's Real Property Report
- 7. Functional Servicing and Stormwater Management Report
- 8. Civil Engineering Drawings
- 9. Geotechnical Study
- 10. Reliance Letter for Geotechnical Study
- 11. Transportation Addendum Letter
- 12. Noise Impact Addendum
- 13. D-6 Land Use Compatibility/Air Quality Assessment (including Peer Review Response Letter)
- 14. Heritage Impact Assessment
- 15. Phase 1 Environmental Site Assessment
- 16. Reliance Letter for Phase 1 ESA
- 17. Phase 1 ESA Certificate of Insurance
- 18. Comment Response Matrix

We will be providing four physical copies of all of the items above and 15 copies of the site plan to the City this week, along with the required fees.

Please let me know if you have any questions.

Thank you,

JAMES TODD

Hi Kayly,

Thank you for your stage 3 submission.

The applicable fee for the City application fee is \$10,600.

The CLOCA fee is \$5715.00 for the zoning application.

Please provide 15 hard copies of the site plan and 4 hard copies of everything else, and 1 digital copy of everything.

The landscape plan and details can be submitted with this application or deferred to the Site Plan application.

If you have any further questions please let me know otherwise I look forward to receiving your submission.

Thank you,

Hi David and Erika,

I hope you both had a nice weekend. We have submitted the Stage 3 Pre-Consultation checklist with a cover letter for your review and confirmation. The team is currently working towards making the formal 1<sup>st</sup> ZBA Submission coming in the next 2-3 weeks.

Thank you and looking forward to moving this project along with you both.

Kayly

Ηi

See responses in red below.

The checklist is really about communication. The point of the checklist is to (a) serve as a checklist for your team to prepare a complete application submission, and (b) confirm that you will be submitting or are submitting the materials that were requested. I appreciate you may not have the details yet, but the point is that it sounds like you plan on submitting them. If not, then that's the point of the checklist, to initiate discussion on what you feel you won't be submitting for whatever reason. We exist in a hyper sensitive planning regime where applicants and approval authorities need to move as quickly as possible, and key to that is communication. We developed this checklist to give all applicants the ability to communicate their intentions.

Same with the fees, we just want to make sure the right fees are being submitted and we and you are not wasting time after the submission re-calculating fees and chasing down cheques. Happens all too often. You don't need the cheque in hand, but of course we calculate the fees.

Thanks

Hi David,

Thanks – we will fill out the form. I am a bit confused with this checklist, it says "Timing of Submission" which would be when all the documents are ready *Timing of Submission is us telling you when that document is required to be submitted to the City.* and for the "Name, Author and Date of Document" the date of the document, will likely be the date we submit the formal ZBA application. We would like to submit and confirm this checklist now, but I don't have the dates of all the final reports? *Ok submit it as-is with the info you have for confirmation. When you submit the actuall application please include the full info about the name, date and author of the report.* 

What is the expectation for the Comments section? It's a space for you to add any context, if necessary. For example: "Parking study contained within traffic impact study", or "Calcium carbonate assessment contained within geotechnical report", or "We do not agree this is required yada yada yada yada add ..."

We are working on updating and preparing all the required materials for the submission, but I cannot submit this checklist until all the reports are done to include the date?

If you can clarify, that would be appreciated.

Thank you

Hi James,

Stage 3 is basically just confirming the fees and the materials you're submitting. It is not a submission or discussion or meeting on the proposal. Whether you call it pre-consultation or not, it is still best practice, so that your client's application(s) can hit the ground running once submitted. We would ask you to fill out the pre-consultation checklist that we provided you for the type of application you're submitting.

Let me know if that helps. Thanks

Subject: 827 Gordon Street (File 12-2-0127) - PAC Submission, Bill 185 Implications

### Good Afternoon Erika,

I hope you're doing well. I just wanted to inquire about any potential changes to the City's PAC submission process, in light of Bill 185, specifically concerning 827 Gordon Street (File 12-2-0127). As you may remember, our last submission was the Stage 2 Technical Stream submission in August 2023.

Based on Bill 185's implication for PAC meetings, are we to proceed with a submission to Phase 3, or is the City creating a new process?

Please let me know if you have any questions.

Thank you,

### JAMES TODD
