

April 1 2025 OEAC Tree giveaway report

We have selected September 27th for the giveaway.

As in previous years the location will be at the City parking lot at the South West corner of Queen and King Street West.

We ask that the City promote the giveaway as it has the past years using a web based reservation system.

We propose that each person may select 2 trees.

Using Pineneedle tree farm in Pontypool we have selected the following native tree species

130 Sugar Maple

120 Burr Oak

100 White Pine

The total cost of the 350 trees is \$6,452.30

With that in mind the tree giveaway working group will be asking for a budget of \$7,500
