## **1.0 Purpose**

The purpose of this report is to provide the Safety and Facilities Committee with potential options for naming a new parkette park (“Parkette”) to be constructed in the Kedron Development Part II Plan that aligns with the City’s Facilities Naming/Re-naming Policy.

Attachment 1 is a map identifying the location of the Parkette.

Attachment 2 is the Facilities Naming/Re-naming Policy.

## **2.0 Recommendation**

That based on Report SF-25-24 dated April 9, 2025, the Safety and Facilities Committee select an appropriate option under Section 4.4 to name the Parkette located south of Britannia Avenue East, between Coppermine Street and Grandview Street North in the Kedron Development Part II Plan.

## **3.0 Input From Other Sources**

1. Legal Services
2. Legislative Services

## **4.0 Analysis**

### **4.1 Background**

The subject Parkette, is located south of Britannia Avenue East, between Coppermine Street and Grandview Street North (see Attachment 1).

In accordance with [Report ED-24-39](#) dated April 3, 2024, the Developer advised the City of its request to fully finish the park.

A Park Development Agreement with the Developer was subsequently executed to fully construct the Parkette in Block 95 of the Registered Plan of Subdivision 40M-2720.

Staff are currently coordinating the necessary steps to ensure the terms outlined in the Park Development Agreement are met, enabling the City to assume the new City asset once completed.

### **4.2 Policy Consideration**

The City's current framework for naming and renaming public assets is outlined in the City Facilities Naming/Re-naming Policy, which was revised and approved by Council on April 29, 2024. The policy provides clear criteria and processes for naming or renaming a defined set of City Facilities, including:

- City-owned parks
- Naturalized areas
- City-owned buildings
- Outdoor recreation fields and courts
- Trails

The policy's stated purpose is to guide the commemoration and recognition of individuals, communities, events, or ideas that have significance to Oshawa or Canada, as well as to ensure adherence to principles of diversity and inclusion. It also sets out specific criteria for honouring Indigenous contributions and requires consultation with Indigenous communities when proposals involve names in Indigenous languages or references to Indigenous individuals or concepts.

Key policy criteria include:

- Names reflecting the street or community area where the facility is located.
- Topographical or unique site characteristics
- Avoidance of discriminatory, inappropriate, or duplicative names.

### **4.3 Park Unique Design Features**

The Parkette is approximately 0.66 hectares (1.63 acres) in size and has been thoughtfully designed to support community well-being, active transportation, and sustainable city planning.

At the heart of the Parkette is a child-sized bike track, uniquely designed to help children learn how to ride and develop road safety awareness in a controlled, supportive and inclusive environment. This amenity supports active lifestyles and contributes to the City's vision of creating vibrant, connected, and family-friendly public spaces.

Other key features include shaded seating areas, and pathway connections to the City's broader trail network. The overall design places a strong emphasis on safety, accessibility, and connectivity for both pedestrians and cyclists.

#### **4.4 Proposed Name Options**

In consideration of the above-noted Policy, staff provide the following options for naming.

##### **4.4.1 Naming Based on Location**

###### **Option 1 - Coppermine Parkette**

Choosing this name for the new parkette aligns with the Policy's criterion related to the Parkette's location in ensuring that the Parkette's identity is rooted in its local surroundings.

As the Parkette is situated in a residential neighborhood adjacent to Coppermine Street, utilizing the proposed street name would be an intuitive and easily recognizable choice for the community.

The recommendation reinforces a sense of place and connection for the residents in the surrounding neighbourhood and in Ward 1 while maintaining consistency with other facilities in the City.

Should Option 1 be selected, the following motion should be passed:

"That the Safety and Facilities Services Committee recommend to City Council:

That based on Report SF-25-24 dated April 9, 2025, the park located south of Britannia Avenue East, between Coppermine Street and Grandview Street North in the Kedron Development Part II Plan, be named Coppermine Parkette."

###### **Option 2 – Klondike Parkette**

As noted in Option 1, this proposed name also aligns with the Parkette's location as Klondike Court is directly across from the Parkette. This option also offers a practical and intuitive identifier for residents and aligns with existing naming conventions in nearby developments.

Should Option 2 be selected, the following motion should be passed:

“That the Safety and Facilities Services Committee recommend to City Council:

That based on Report SF-25-24 dated April 9, 2025, the park located south of Britannia Avenue East, between Coppermine Street and Grandview Street North in the Kedron Development Part II Plan, be named Klondike Parkette.

#### **4.4.2 Naming Based On Unique Site Characteristics**

The inclusion of a bike safety track is the main amenity of this Parkette which offers a distinct recreational benefit, reflecting modern urban park design principles.

#### **Option 3 – Pedal and Play Parkette**

This name emphasizes the bike safety track, a feature not commonly found in local parks. It blends functionality (“Pedal”) and recreation (“Play”), making it inviting to families and reinforcing the park’s educational and recreational value.

Should Option 3 be selected, the following motion should be passed:

“That the Safety and Facilities Services Committee recommend to City Council:

That based on Report SF-25-24 dated April 9, 2025, the park located south of Britannia Avenue East, between Coppermine Street and Grandview Street North in the Kedron Development Part II Plan, be named Pedal and Play Parkette.”

#### **Option 4 – Little Loop Parkette**

Inspired by the looped design of the bike safety track, this name is playful and descriptive. “Little Loop” evokes a safe, child-friendly environment and emphasizes the looped bike path feature at the heart of the Parkette.

Should Option 4 be selected, the following motion should be passed:

“That the Safety and Facilities Services Committee recommend to City Council:

That based on Report SF-25-24 dated April 9, 2025, the park located south of Britannia Avenue East, between Coppermine Street and Grandview Street North in the Kedron Development Part II Plan, be named Little Loop Parkette”

### **4.5 Naming Confirmation and Engagement Process**

When Council approves the proposed Parkette name, Section 6.2 of Naming/Re-naming Policy, requires public notice in accordance with the City’s Public Notice Policy, which will provide the public with a thirty (30) day time period in which to provide feedback. Following the public feedback process, a report will be provided to Council for final approval of the Parkette name.
