Council of the Region of Durham, at its meeting held on April 23, 2025, adopted the following recommendations of the Committee of the Whole:

- “A) That Regional Council endorse the enhancements to the Durham Greener Homes Program as outlined in Report #2025-COW-17 of the Chief Administrative Officer, including:
- i) Introducing services to support Durham Region residents in undertaking “weather-ready” home renovations that reduce the impacts and potential costs associated with extreme weather events on their homes through expert advice, program funding supports, industry training, and community engagement; and
 - ii) Introducing a direct municipality-to-homeowner loan financing program, led by the Region and based on authority granted under the Municipal Act (2001), and associated Ontario Regulations 322/12 and 586/06 which authorizes municipalities to make available a Local Improvement Charge (LIC) financing option for energy and water retrofits on private property, subject to the Region successfully renegotiating the existing Grant and Loan Loss Reserve funding agreement with the Federation of Canadian Municipalities (FCM) through their Community Efficiency Financing (CEF) program to enable funds to be redirected towards home energy and water retrofit loan financing program;
