Attention: Kevin Alexander / Laura Davis

Re: Bylaw Request Exemption

Further to our correspondence, you have advised that we officially write to the Community and Operations Services Committee or related committee to request the following:

We are asking the committee to consider an exception to the snow removal by-law for the property located at 1315 Macinally Court because of these circumstances:

- 1) It is a safety issue. We do not have direct access to the sidewalk. We would have to cross the street to the other side of the court or go across our grass, neither option is safe.
- 2) The sidewalk on the west side of Grandview Street from Taunton Road to Roseheath Street is cleared by the city.
- 3) We have lived here for 15 years and the city has always cleared the sidewalk adjacent to our house.
- 4) The sidewalk plow has to pass by our portion of the sidewalk to get to the portion at the end of the court that is currently the responsibility of the city.

We are requesting that this correspondence be placed on the next Community and Operations Services Committee or related committee agenda for consideration. Feel free to contact us if needed.

Kind Regards,

Stacey Duggan-Dempsey
