Subject: Re: Oshawa Environmental Advisory Committee Annual Membership

Hi Branden,

Lovely to hear from you!

DIG's website has an annual \$100.00 CAD [Corporate Membership](#) option (in the drop down menu) that would be appropriate for the OEAC to use, and also has its [detailed benefits listed here](#). There is also the option to sign up annually, for a long-term approach. We do also offer the option of sending invoices, if that is required for administrative purposes on your end as well. If you have any financial questions, I'd be happy to answer them.

I highly recommend speaking with Mary Drummond if you'd like to know the wonderful details of how DIG has made an impact in Oshawa over the years. I've cc'ed her here for your convenience if you have any questions or lingering curiosities.

Thank you for keeping us in your minds and hearts,

Minerva
