

OEAC-26-10

Good afternoon Brandon,

I am reaching out today on behalf of the Oshawa Garden Club to invite the Oshawa Environmental Advisory Committee to once again join us at the Annual Plant Sale on Saturday May 23, 2026, from 9 am - 1 pm at the South Oshawa Community Centre.

As the Committee is likely aware from attending our Sale last year, we appreciate having a number of other community partners join us for this event. We expect to have the G.L. Roberts CVI Horticulture students, the Oshawa Public Library, CLOCA, the David Suzuki Foundation Butterfly Way Rangers, Durham Master Gardeners, the Invasive Species Centre, Friends of the Second Marsh and the Rotary Club join us again this year.

This is the Club's primary fundraiser that offers a great selection of plants at great prices, most donated by members of the Club. We will be offering an opportunity for good plants and advice on many perennial and annual plants, native plants, creating pollinator gardens and invasive species.

We hope the Environmental Advisory Committee will be able to attend again this year. Your partnership at our Sale event is very important to us. If you have any questions or require further information, please do not hesitate to contact me.

Kathy Pellarin
