Subject: this one coming up

Hey there I would like to speak and be a delegation on having a program I know HSDR has one but I want to see if we can have that as well it is called Safe pet program and what it is is for people that need to get out of an abusive relationship and have a place where they can take their dog or bring the dog to a place where they can get back on their feet. I know Pickering animal service does it as well. I think Oshawa needs to do something fast before the cold weather starts up. it will be good if we can get Oshawa on board and have locals do it. if I can speak at this one can you let me know please and thank you.
