Subject: Accessible swing

Hi there,

I am not sure if I am sending this to the correct email address, but I'd like to request an accessible swing to be installed at Coldstream Park, Oshawa.

The park itself is very outdated and when compared to other parks in the area there is not much available for children, and nothing for children with special needs.

There is room for expansion at the park and I believe adding a accessible swing would be a great step for children in the area who are in need of this type of equipment.

Please advise where I can send this request or how I can try and petition this.

King regards,

Holly Popplewell
